

Swedish Cancer Conference Series

January to December 2012

Series Goal

The series will provide a forum for case presentations and discussions of protocols/care pathways and technology-related issues in the care of patients with cancer. These forums will include prospective case discussions and no more than 25% didactic presentations.

Series Objectives

At the conclusion of these sessions, the participant will be able to:

- Describe the treatment options following national guidelines for various cancers which are commonly seen at Swedish Hospital, including breast, genitourinary, gynecologic, thoracic, gastrointestinal, hematologic, head and neck, neurologic and soft tissue
- Implement the protocols related to new research in cancer treatment
- Compare the outcomes of patient responses to treatment and to discuss cost-effectiveness of care
- Participate in multidisciplinary cancer teams at Swedish Medical Center
- Compare and contrast technological options
- Discuss the histopathologic classification of various cancers and appropriate TNM staging.
- Participate in developing guidelines for patient care in selecting radiation therapy, surgery, or other disease management techniques
- Coordinate the evaluation, counseling and management of patients and families at risk for hereditary cancers
- Improve awareness of appropriate research treatment protocols available and Swedish Hospital.

Target Audience

These conferences are designed for all specialties of physicians and multidisciplinary team members who care for patients with cancer, including Physicians, Physician Assistants, Oncology Nurses, Radiation Therapists, and Clinical Research Staff

Evaluation and Outcomes

Participants will complete evaluations in order to ensure that programs are meeting the needs of participants. Guest speakers will be arranged when discussion leads to the identification of special topics or research advances.

The impact of this series will be measured by the satisfaction of participants, consensus development of clinical guidelines, and analysis of trends of patient accrual for pertinent clinical trials.

Needs Assessment

The need for this series of educational offerings was determined by:

- Swedish Medical Center Cancer Committee and current ACOS Commission on Cancer Program standards
- Questions raised by referring physicians
- Recent literature reviews of new protocols and findings
- Recommendations by medical and clinical staff

Planning Committee

Ron Tickman, M.D, Chair
Ralph Aye, M.D.
David Beatty, M.D.
Daniel Flugstad, M.D.
Philip Gold, M.D.
Joel Lilly, M.D.
Jessica Martinson, M.S., CME Manager
Marc Mayberg, M.D.
Michael Milder, M.D.
David Moore, M.D.
William A. Peters III, M.D.
Catrina Cuevas, CME Specialist
Dan Veljovich, M.D.
Sennamon Tolerson, SCI Cancer Conference Coordinator
Candy Bonham, C.T.R., Cancer Program Coordinator

Accreditation with Commendation

Swedish Medical Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

AMA PRA Category 1 Credits™

Swedish Medical Center designates this live activity for a maximum of 500 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Each session is designated for 1 *AMA PRA Category 1 Credit™*.
