

Breast Care Express Schedule

The [Swedish Breast Care Express](#) will be on site at various Swedish primary-care clinics throughout the year to perform breast cancer screenings.

The Express is a full-service, self contained, mammography clinic on wheels. It features the latest in digital full-field mammography technology as well as a complete rooftop satellite system enabling the transmission of images to radiologists at Swedish. This provides women, wherever they are located, with the same state-of-the-art mammography offered by the [Swedish Breast Centers](#) -- one of the largest and most comprehensive breast-screening networks in the state.

Please call the clinics directly to schedule your mammogram. The Breast Care Express will be available from

8 a.m.-4 p.m. on the following dates/locations:
