Sound Women’s Care Joins Swedish Medical Group

Swedish OB/GYN Specialists – Edmonds, formerly Sound Women’s Care, is now part of Swedish Medical Group (SMG) as of Sept. 30. Please welcome Randolph Bourne, M.D., Tami Corbett, ARNP, Kimberly Dickey, D.O., Bruce Erhart, M.D., Susan Goodall, ARNP, Martha Moe, M.D., Catherine Rogers, M.D. and Evelyn Spieker, ARNP to the Swedish physician network.

“We are excited about the new relationship and the opportunity to increase access to care for our patients,” said Anne Julien, clinic administrator. “We’ve had longstanding ties with Swedish and are working diligently to ensure the transition to SMG continues to be as seamless as possible.”

The OB/GYN specialty clinic is providing the same standard of care it always has while offering patients and providers access to services and options available in the Swedish network including use of Swedish’s electronic health record, Epic. Swedish OB/GYN Specialists – Edmonds offers a full range of obstetric and gynecological services, as well as surgical expertise. More information on the clinic and providers may be found at www.swedish.org/obgynedmonds.

Mindfulness Based Stress Reduction Program for Clinicians: Evening Classes Offered

The Washington Physicians Health Program (WPHP) is broadening its range of services and offering programs to enhance the health of Washington state medical professionals. These programs are open to any physician, dentist, veterinarian, physician assistant or podiatrist. No past or current involvement with WPHP is necessary.

The first program WPHP is offering is Mindfulness Based Stress Reduction (MBSR). This program is designed to reduce stress and improve general mental health and functioning. Its effectiveness has been verified through hundreds of studies since its creation in 1979. Mindfulness does not eliminate life’s pressures, but it can help you respond to pressures in a calmer manner that benefits your heart, head and body.

The next MBSR program series starts in late October and will run five weeks. The series commitment is four Monday evening classes (Oct. 27, Nov. 3, Nov. 10 and Nov. 24 from 6-8:30 p.m.) and one Sunday class (Nov. 16 from 9 a.m.-4 p.m.).

The program will be facilitated by Tim Burnett of Mindfulness Northwest. Burnett also facilitates the MBSR program series for the University of Washington’s Wellness Program using the same five-week format.

The total series cost is $150 per person and is available to any clinician and their significant other. Space is limited to 30 participants. Sorry, no refunds for cancellations. If you’re interested in participating in MBSR, contact Jason Green, WPHP, at 206- 583-0127.

Congratulations…

These physicians were mentioned by name in the July Press Ganey Patient Satisfaction Surveys and complimented for their great work.

Swedish Edmonds Partners With Lynnwood Fire for Follow-up Care

Swedish Edmonds Emergency Department (ED) physicians have partnered with the Lynnwood Fire Department for a new program to enhance follow-up care to Lynnwood residents being discharged home from the ED.

The program includes home visits and case management provided by fire department staff members to assist patients with unique problems and special conditions.

“An emergency department physician can request that a social worker from Lynnwood EMS do a next-day home visit on a high-risk patient, such as an elderly patient who lives alone and came to the hospital for a fall,” says Gregg Miller, M.D., medical director of the Swedish Edmonds ED. “The goal of the program, which was launched in September, is to reduce the number of patients readmitted to the hospital and support patient recovery.”

The follow-up care program is made possible thanks to a grant from the Verdant Health Commission supporting the Lynnwood Fire Department’s Community Assistance Program.

News From Swedish Foundation

**Swedish Edmonds Imagine Gala Nov. 14**

The Swedish Edmonds *Imagine* Gala will be held Friday, Nov. 14 at the Lynnwood Convention Center. The hallmark of the gala is a gourmet dinner party and exclusive auction. Proceeds from this year’s gala will be used to support the new ambulatory care center at Swedish Edmonds. Additional information about the *Imagine* Gala may be found at www.swedishfoundation.org/edmonds-gala or you may contact Maggie Keelan, Swedish Foundation, at maggie.keelan@swedish.org or 206-386-2751.

**Fall 2014 issue of IMPACT magazine now available**

The latest issue of Swedish Medical Center Foundation’s IMPACT magazine is now available online at www.swedishfoundation.org/impact or in public areas around the hospital. IMPACT magazine is designed to provide the latest information about Swedish’s services, events, health care, medical topics, and activities of the Foundation and its supporters. The fall 2014 issue highlights how Swedish is providing excellent, accessible health care for residents living in east King County.

Clinical Documentation Integrity Program (CDIP) Report: August

- **Total Reviews:** 209
- **Total Clarifications:** 26
- **Response Rate:** 92%
- **Physician Agree Rate:** 65%

**August’s Top 5 Queries:**

1. Congestive heart failure
2. Catheter associated urinary tract infection
3. Encephalopathy
4. Malnutrition
5. Functional quadriplegia

**Total Case Mix Index for Medicare and Managed Medicare:** 1.6655

Thank you to the medical and surgical staff for taking the time to respond to these queries. Please contact Melanie Westerinen, Documentation Integrity Liaison, at 425-640-4378 with any questions.
What Are Patients Saying?

Below are a few positive comments from recent Press Ganey Satisfaction Surveys and discharge calls at Swedish Edmonds. Congratulations to physicians and hospital staff mentioned.

**Progressive Care**
Patient and spouse said the care was excellent from the time they entered the ED all the way through Intensive Care, to the time they were discharged from Progressive Care-2. They said all the nursing staff was caring and professional and they could not have expected better care.
Spouse also said that Dr. Chugh was excellent, very caring, and she was so impressed that he even called her at home after she missed him on rounds at the hospital.

“Dr. Yi was very helpful to my care during my stay and after.”

“Dr. McCoy was excellent.”

“I would like to recognize Dr. Nguyen and Dr. Guo.”

**Emergency Services**
Patient said her doctors were fabulous! She said she had to come back to the ED for two visits because her pain would not go away. She felt she had a thorough work up and really appreciated the doctors’ concern. One day after leaving the ED, patient developed rash and DX with shingles. She wanted to thank the physicians for all of their hard work.

**Day Surgery**
“Dr. Wardle’s office staff and systems are superb.”

**Eye Center**
“Yes, I would definitely recommend Swedish Edmonds for care. It certainly is a five star in my book. Thanks to all, from the receptionist to nurses and Dr. Kenay.”

**Childbirth Center**
“Every nurse and every doctor gave 120 percent. We loved it there. Mina Athungal stood out. She made us feel welcome, like home, and makes us want to have another baby there. She was there for us during the epidural.”

“Our nurse Cat Cornelius was awesome. She was there for my epidural and my water broke while that was happening. She handled it well and kept me calm. Dr. Spiro was there and the cord was around the baby’s neck. He handled it calmly and made us feel comfortable.”

**5-West**
“Dr. Joseph Hall is awesome!”

**8-West**
“Special compliments to physician assistant, Dennis.”

Create Your Swedish Web Profile

All active Swedish Edmonds physicians are eligible to create a physician web profile at www.swedish.org. Follow the steps below to create your profile today and attract new patients. Please also use this tool to make changes to an existing profile.

Go to www.swedish.org/CMSDesk and enter your user name and temporary password:

- User name: Same as your username on the Swedish network, e.g., Tom G. Smith would be SmitTg1
- Password: Lastname (case sensitive)

Physicians are asked to maintain their own office information on profiles such as office hours, address/phone changes, etc. It's recommended that you change your default password (last name) to your ‘strong’ password used on the Swedish network, so your Swedish logins are consistent and easier to remember.

If You Need Help
Please visit www.swedish.org/physician.
