Patient Rights and Responsibilities (Punjabi)

**Patient Rights and Responsibilities**

**Swedish**

Patient Rights and Responsibilities (Punjabi)

- **Patient Rights and Responsibilities**
  - **Summary**
    - Patients have the right to receive information about their treatment, including any risks and benefits involved.
    - They also have the right to consent to or refuse treatment.
    - In certain cases, patients may be unable to make decisions for themselves, and in such cases, a legal representative or court may step in.

**Swedish Ethics Committee**

- The committee is responsible for ensuring that patient rights are respected and that ethical considerations are taken into account in medical decisions.
- It provides guidance to healthcare providers and is involved in cases where there are significant ethical dilemmas.

**Swedish Medical Council**

- The council is responsible for regulating medical practice in Sweden and ensuring that patients' rights are protected.
- It sets standards for medical care and provides guidance on ethical issues in medical practice.

**Punjabi**

- In the Punjabi language, the rights and responsibilities of patients are outlined in a similar manner to the Swedish context.
- Patients have the right to receive information about their treatment, including any risks and benefits involved.
- They also have the right to consent to or refuse treatment.
- In certain cases, patients may be unable to make decisions for themselves, and in such cases, a legal representative or court may step in.
