PATIENT REQUEST TO AMEND A DESIGNATED RECORD SET

This form must be complete and legible in order to be processed.

**Top Section** Complete all fields.

**Section 1** Fill in this section with the name of the provider who recorded the information, the date of service, and the specific report where the item is to be corrected (e.g. Discharge Summary, History & Physical, etc.). Under “explanation”, state the correction that needs to be made. If extra space is required, include an additional page with this request.

**Section 2** If we decide to change the information as you requested, we will send the change to any person who received the information before it was changed. Complete this section if you wish us to send the amended documents to another party, such as an insurance company or an attorney. If there is more than one party that needs a copy, include an additional page with this request.

**Section 3** The patient usually signs this form. If a personal representative completes this form on behalf of the patient, proof of authority must be provided.

**Important** The physician or provider may or may not supplement the record with an addendum based on this request. The physician or provider cannot alter the original documentation in the record. Your request may be denied if:

- We did not create the information or the person who did create it is not available to act on your request to change it (for instance, the originator has passed or moved away);
- The information is, in our judgment, accurate and complete;
- You do not have the legal right to view or access the information you want to change;
- The information is not part of the medical and/or billing records we use to make decisions about your care, treatment, and payment.

A letter of acceptance or denial will be provided within ten (10) business days. If you disagree with the denial letter, you have the right to submit a statement of disagreement or an addendum to be added to your medical records. All documents related to the request for amendment will become part of your permanent medical record and will be included with any future authorized disclosures. Swedish may add a rebuttal statement in response to the statement of disagreement. If you have any concerns with this request, please contact the Release of Information (ROI) Department at 206-320-3850 option 3.

Please return completed form to:
