## OUR PROMISE

Extraordinary care.  
Extraordinary caring.<sup>SM</sup>

## HISTORY

Swedish was founded more than a century ago by a physician and Swedish immigrant, Nils Johanson, M.D., with the generosity of members of our community who wanted to provide our region with the best medical care possible. What started as a 24-bed facility is now the largest not-for-profit health care provider in the greater Seattle area.

As Swedish has evolved, our vision to provide the highest-quality health care for the best value remains unchanged. In 2021 generous donors gave \$30 million to support everything from leading-edge cancer research at the new Paul G. Allen Research Center at the Swedish Cancer Institute to holistic, comprehensive care for women from Women's Wellness and Specialty GYN Services.

## SWEDISH TODAY

Swedish is comprised of five hospital campuses (First Hill, Cherry Hill, Ballard, Edmonds and Issaquah); ambulatory care centers in Redmond and Mill Creek; and Swedish Medical Group, a network of 192 primary and specialty care locations throughout the greater Puget Sound area.

Our commitment to improving the health of our region extends beyond patient care. Whether through physician clinics, health education, research and innovation or other means of outreach, we are committed to caring for the people in our region and beyond.
