

Medical Imaging at Swedish

Swedish provides the most advanced imaging technologies used today in diagnosing and treating both simple and complex conditions. Our imaging centers are designed for patient convenience and comfort. Many of our facilities can accommodate bariatric patients and all are staffed by board-certified radiologists and licensed sonographers and technologists. Weekend appointments are available at several locations. Please call to check availability.

Breast imaging at Swedish

Swedish offers state-of-the-art breast imaging services at a network of locations throughout the Puget Sound region. All sites are staffed by dedicated mammography-credentialed technologists and all exams are interpreted by dedicated breast radiologists. All modalities are accredited by the American College of Radiology.

Screening-only services are provided at the Redmond and Mill Creek locations. In addition, screening services are provided throughout the community via our Mobile Mammography Program.

Weekend appointments are available at several locations. Please call to check for availability.
